

# BEGINNING SEPTEMBER 17, 2015

## VENUS ISD MEAL CHARGE PROCEDURES REVISION

Venus ISD students (includes all campuses) will only be able to charge two lunch meals. Students will no longer be able to charge snack items such as milk, fat free cookies and chips. Students must have prepaid money in their account or have money with them to purchase these items.

If your child exceeds the maximum charge allowed, an alternate meal will be served for that day. An alternate meal, consist of a peanut butter sandwich or a cheese sandwich and a milk.

You may send a check or cash with your students, or you may take advantage of the on line EZ Pay system provided by the district. You can find this information by going to the district website and looking under the parent field. You can track your child's account and set a low balance warning as well.

Parents, you will receive a text message letting you know when your child owes money but only if you have filled out the form giving permission for us to text you. You can find this form on our district website which you may fill out and send back with your child to school. You can also call the school and ask that a form be sent home.

For any questions you may have you may call 972-366-3642 ext. 715.

Thank you,

Tina McCormick,

Child Nutrition Director
