## Paid Lunch Price Increases

**Venus Primary and Elementary School - \$2.70**

**Venus Middle School - \$2.95    Venus High School - \$3.00**

This final rule updates the meal pattern and nutrition standards for the National School Lunch and School Breakfast Program to align them with the Dietary Guidelines for Americans. This rule requires schools to increase the availability of fruits, vegetables, whole grains, and fat-free and low-fat fluid milk in school meals; reduce the level of sodium, saturated fat and Trans fat in meals; and meet the nutrition needs of school children within their calorie requirements. These improvements will be cost effective which will require paid lunch prices to increase. These changes are being made in an effort to enhance the diet and health of school children and to help minimize the childhood obesity and child diabetic trend. We look forward to serving your child.

## VENUS ISD CHARGE POLICY

Students will only be allowed to charge two lunch meals. Students are not able to charge snack items such as milk, fat free cookies and chips. Students must have prepaid money in their account or have cash to purchase these items.

If your child exceeds the maximum charge of two meals, an alternate meal will be served to them for that day that consists of a peanut butter or cheese sandwich and milk.

You may send a check or cash with your student or you may take advantage of the online EZ Pay System by going to the VISD website at [www.venusisd.net/parent](http://www.venusisd.net/parent). You can track your child's lunch account and set up a low balance warning as well. During enrollment, parents will also have the option to receive a text message if your child owes money.
